

Street Car Officials Ask Censure Changes In Court Actions

Two petitions for writs of certiorari were filed Friday in the United States district court by T. H. Tutwiler and P. S. Elgin, receivers for the Memphis Street Railway company, in connection with suits brought against them in circuit court of Shelby county.

The first petition, that of the suit against the receivers, by John Avant, through his next friend, Bell Elder, for \$5,000 for alleged delinquent (misconduct) received on November 10, 1919, when struck by a street car on South Main street, denies the charges of Avant and prays that the case be transferred to the federal court for hearing.

The second petition requests that similar action be taken in the suit brought against the receivers by Rachel Bates for \$10,000 for alleged injuries received by her husband on Madison street, September 5, 1919, when struck by a street car, which resulted in his death later.

POSTMASTER HUNTING AUTO DELIVERY FORCE

Thanks for applicants for the position of chauffeur, mechanic and garage man are now in the hands of Postmaster C. W. Metcalf, who desires to recruit a force of these men as soon as possible to be ready for opening of the new postoffice garage which is expected to be ready for occupancy by June 1.

Sixteen chauffeurs, four mechanics and two garage men are necessary to keep the new transportation system in good running condition. Although applicants for these positions will not stand civil service examinations, postoffice officials are anxious to get the best material available, which can be done by having the men produce letters of recommendation with references from their last five employers, as called for by the application blanks. The three positions now open pay from \$1,200 to \$1,500 a year with an annual bonus of \$150.
